Re: Appeal of closure of Pimmit Branch - Falls Church, Va. 22043

Dear Ms. Grove:

We have a notice that our Pimmit Hills Post Office branch located at 7520 Leesburg Pike, Falls Church, Va. 22043 will close on November 10, 2011. This closure is supposed to help the Postal Service solve it's financial difficulties. This is normally a very busy post office. It seems to me that if the Postal Service needs money then why are they closing this post office before Christmas season when people are hanging out of this post office doorway with packages and Christmas cards to send world wide?

. Our neighborhood consisting of about 2000 single family homes surrounded by apartment buildings, and the people living in these homes and apartments walk to this post office.

If the post office closes, most people will drive their cars to other available post offices. There will be more cars on the roads as a consequence of closing this post office.

On line, I learned that the Postal Service says it's bad finances are the result of internet use. However the following shows that this is not the case. Also, the Postal Service gets business from the internet by delivering items that have been purchased on the internet.

"Not long ago, too much profit was the worry of the Postal Service not insolvency. From 2003 to 2006, well into the digital age, the Postal Service reported cumulating a net income of \$9.3 billion."

"In 2006, Congress passed the Postal Accountability Enhancement Act. It mandated that health coverage for Postal retirees be paid 75 years into the future. To do this, Congress required the Postal Service pay \$5.5 billion a year for 10 straight years. The Postal Service wasn't having financial problems until this bill passed. There would have been a \$611 million surplus during the past four years if not for this bill."

"Because of the Postal Accountability Act and having over paid into the Postal Employees retirement fund, many post offices in the USA will be closed and 120,000 postal employees will be out of jobs."

If President Obama is so concerned about the unemployed in this country, why doesn't he issue an executive order stopping the post office closures and lay offs until a solution for the problem is available?

Sincerely,

Robert W. Beausoliel

Re Docket # A2011-90.

I strongly object to the proposed closure of the Pimmit Hills Post Office in Falls Church. The alternatives are definitely not good for this densely populated neighborhood, which includes many older citizens and significant commerce, btw. The office is always busy when I am there, and I can not imagine the justification for removing this service from the community. We need the Pimmit Hills Post Office to remain open.

Docket A2011-90 I object to closing of Pimmit Hills Branch PO. It is a very busy PO; convenient for many commercial businesses. Neighborhood has many senior residents (including me) who would find it inconvenient & time-consuming to travel by bus to another PO. The clerks always show me the newly issued stamps and are pleasant to do business with. At times there are lines of 15 & 20 people; why would you think this PO was ready to be closed? Dunn Loring is not convenient, has no businesses nor large apt. buildings nearby. You are closing the wrong PO. Take another look at 3PM or 4:45 PM. Thank you.

I would like to request that you NOT close the Pimmit Hill branch Post Office located in Pimmit Hills (Falls Church), VA. The convenience of it was one of factors that led me to purchase my house. It is an important place for older people in the Pimmit Hills area to walk to for their postal needs.

Please reconsider and NOT close this branch Post Office.

Please do not close our Post Office (A2011-90). The post office in Pimmit Hills is very important to the community. We have many families with no car to go to other Post Offices miles away. We have many small businesses that rely on this post office also. This will cause a hardship for many, many people.

Subject: Pimmit Branch of Post Office Closing

This is in regard to the notification of the Pimmit Branch of the Post Office closing November 10, 2011. The number is A2011-90. We have lived in Pimmit Hills since 1964 and have faithfully used the Pimmit Branch since living in this area. It is convenient and we have enjoyed dealing with the employees over the years. We do not want to see this branch closed. We hope that there are many others who will contact you regarding this decision. Also, we thank you for your consideration. Philip G. Rogers

Patricia G. Rogers
